

Investing for Success

Under this agreement for 2022 Tieri State School will receive

\$58,358*

This funding will be used to

Support our improvement priority:

- Everyone, Everyday Succeeding through Engagement (Social, Behavioural and Academic)
 - To ensure the implementation of year level specific aspects of the achievement standard
 - To target the rigor and integrity of teaching year level specific content descriptions

Our initiatives include

Increasing academic engagement and achievement through the provision of curriculum entitlement for all students in the learning areas of Science, HPE, and Humanities and Social Sciences.

- Research base: "At a minimum, schools are required to cover all aspects of the relevant achievement standard for each learning area and/or subject provided in each year and/or band": Education, D.o. (2022, March 3). P-12 curriculum, assessment and reporting framework. Retrieved from Queensland Government - Education: <https://education.qld.gov.au/curriculums/Documents/p-12-curriculum-assessment-reporting-framework.pdf>

Our school will improve student outcomes by

Employing a HODC to provide ongoing continuity of the curriculum via a 0.5 teaching allocation.

- Teach year level junctures with subject specific content descriptions that are non-aligned with other year levels in a multi-age context.
- Differentiate teaching to bridge gaps in student understanding in subject specific content in HASS and Science.
